Product Code . DS-FHASC-10136

Class I Biological Safety Cabinet

Description

Class I Biological Safety Cabinet

Features:

- 1. Soft touch control panel, LCD display.
- 2. Stable air flow system; protecting to person and environment.
- 3. Energy-saving, high efficiency, low noise.
- 4. UV lamp for sterilization.
- 5. One piece 304 stainless steel work stable, easy for cleaning.

Specifications:

External Size (W*D*H)	1100*695*1924mm
Internal Size(W*D*H)	968*695*630mm
HEPA Filter	99.999% efficiency at 0.3 ?m
Airflow Velocity	0.75~1.0m/s
Noise	?67 dB
Illuminating Lamp	21W*2
	Fluorescent lamp

UV Lamp	20W*1
	Emission of 253.7 nano meters for most efficient
	decontamination
Power Consumption	?350W
Work surface Height	750mm
Caster	Universal caster
Main Body Construction	Cold-rolled steel with anti-bacteria powder coating
Work Table	304 stainless steel
Power Supply	AC220V±10%,50/60Hz;110V±10%,60Hz
