Glass Beaker Set of 5

Description

Glass Beaker Set of 5

Description:

Beakers are primarily used for mixing and heating. This glass beaker set and save even more than by ordering each separately. Includes five beakers, ranging from 50 ml to 1000 ml. They are made of high-quality borosilicate glass that can be heated directly in an open flame and will withstand typical laboratory thermal variations common to chemistry processes like heating and cooling.

Specifications:

- o Material: Borosilicate Glass
- o Heat Resistant
- o Chemical Resistant
- o Graduated
