

Product Code . DS-GB-10256

Pitcher, Polypropylene, 500 ml

Description

Pitcher, Polypropylene, 500 ml

Description:

This 500 ml Polypropylene lab pitcher is similar to a beaker in shape but with a sturdy handle and larger spout for easy pouring. Polypropylene pitchers can handle hot liquids but not an open flame. This pitcher is marked with 25ml graduations from 25-500 ml. It is approximately 11 cm tall and 9 cm in diameter.

Specifications:

- o Material: Polypropylene
- o Capacity: 500 ml
- o Chemical Resistant
- o Graduated
- o With Handle
