

Product Code . DS-DASGAGM-10465

Gloss and Gloss/Thickness Meters

Description

Gloss and Gloss/Thickness Meters

Description:-

Evaluate the glossy surfaces of coatings, plastics, metals, and paper for quality control applications.

Display single measurements or statistics including the number of readings, mean, standard deviation, min/max readings, range, difference, and pass/fail.

Take this portable gloss meter with you anywhere — meter fits right in your pocket.

Included easy-link software lets you easily transfer data from the meter to Microsoft Excel for quality control reports.
