

Product Code . DS-DASGAGM-10476

LiquiPhysics Excellence Density Meters

Description

LiquiPhysics Excellence Density Meters

Description:-

- o Fast results with a measuring time of only 30 seconds.
- o Small footprint allows for use where bench space is limited.
- o These density meters are easy to use with a high level of accuracy and reliability.
- o Integrated Peltier thermostat for excellent temperature control.
- o The built-in algorithm shortens the time required per measurement by 75% as well as detects non-homogeneous measuring cell filling.
- o These units feature quick measurements including a unique method/product concept with automatic error detection and automatic adjustment verifications.
