

Product Code . DS-SAS-10591

Hollow Cathode Lamps, Indium

Description

Hollow Cathode Lamps, Indium

Description:-

Single-element hollow cathode lamps are quick to reach equilibrium performance, offer a long-term constant light intensity, and low noise with good calibration. Inside each lamp, there is a high volume of inert gas to increase the lamp's lifetime to 5000 mA hours. Achieve reliable atomic absorption results with high-performance lamps for your spectrometers.
