

**Product Code . DS-AAM-10615**

## Hot-Wire Anemometer Probes

### Description

---

#### Hot-Wire Anemometer Probes

##### Description:-

Unidirectional probes are economical and great for applications where the direction of the airflow is known. Omnidirectional probes can sense airflow from all directions—perfect for turbulent airflow applications. Smart probe technology lets you change probes without recalibrating the main unit—order meter separately to create your system.
