Hot-Wire Anemometer, Velocity Only

Description

Hot-Wire Anemometer, Velocity Only

Description:-

These Anemometers combine research-grade measurements and contractor-grade design. Convenient calibration reminder helps you keep up with regulations. Included telescoping, articulated probe is highly flexible, accessing even the most awkward and difficult spots. Dedicated function keypad makes menu navigation straightforward.

- Rugged, telescopic, articulating probe fits into hard-to-reach areas and survives harsh conditions
- Simultaneously read temperature, number of stored records, and one airflow parameter
- Comfortable antislip grip and bright backlit display make taking measurements quick and easy.
