

Product Code . DS-HP-10679

Thermohygrometer with Min/Max Function and Calibration

Description

Thermohygrometer with Min/Max Function and Calibration

Description:-

Thermohygrometer displays temperature compensated relative humidity in % RH and temperature in °F or °C. Press the RESET button to continue displaying current RH and temperature conditions. Large LCD also indicates 'comfort', 'wet', or 'dry' condition. Stores minimum and maximum RH and temperature readings — just press the front-panel MIN and MAX buttons to read stored values. Thermohygrometer features an integral stand for easy desktop viewing and hook & loop tape for a more versatile placement of the unit.
