

Product Code . DS-HP-10705

Precision Thermohygrometer with Dew Point and Wet Bulb

Description

Precision Thermohygrometer with Dew Point and Wet Bulb

Description:-

Slim design with rubberized sides for better grip and easy, one-handed operation. The dual LCD provides simultaneous display of humidity and temperature, or humidity and dew point, or humidity and wet bulb. Measures relative humidity with $\pm 2\%$ accuracy. Precision capacitance humidity sensor offers fast response. Advanced features include data hold, min/max readings, low-battery indication, and auto power off.
