

Product Code . DS-HP-10715

Pocket Line Thermohygrometer

Description

Pocket Line Thermohygrometer

Description:-

The Pocket-Line, is pocket sized, so it can always be with you when you need it. Ideal for taking spot measurements when monitoring ambient conditions. The menu-driven three button design allows for easy selection of the meters function. The unique hard shell protective cap snaps on and off the meter. Utilizing Testo's, drift-free professional grade sensor, producing accuracies is not uncommon in a meter this size. Featuring RH, wet bulb, dew point, Min/Max/Hold, °f / °C switchable, large backlit display, wrist strap and belt holder. Small, handy and easy to operate. Professional grade drift-free sensor. 2.5% RH accuracy.
