

Product Code . DS-HP-10723

Four-Range Light Meter

Description

Four-Range Light Meter

Description:-

Quickly and accurately measure light levels indoors and outdoors up to 20 klux or foot candles. Easily view readings on a large, 3-1/2 digit, 2000-count LCD. Meter features a silicone diode, a spectral response filter, and is cosine corrected for the angular incidence of light. Compact, rugged, and easy to handle for a quick light measurement.
