

Product Code . DS-MM-10739

Moisture Meter with LED Bar Graph

Description

Moisture Meter with LED Bar Graph

Description:-

A protective cap doubles as a calibration checker. Pins provide 3/8" (1 cm) penetration for testing soft materials such as soil, paper, or powders. Simply replace the pins when they wear out. Use this low-cost meter with pins for a surface moisture measurement in building materials such as wood, plaster, drywall, concrete, roofing, and insulation. Unit features full- and low-battery indicators.

- Check for moisture in carpets and subflooring
- 10-LED dual-scale readout with separate High/Low indicators
- Great for identifying leaks in roofs, floors, and walls
- A must-have tool for woodworking, building construction, and home inspection.
