Non-Destructive Moisture Meter

Description

Non-Destructive Moisture Meter

Description:-

Meter features a Hold button, auto-calibration, auto-off, and low-battery indication. Low-power electromagnetic signal takes measurement to a depth of 3/4". Select from 10 measuring ranges that include 56 wood and nonwood types. The LCD shows the average moisture content under the 1-5/8" x 1-5/8" sensor area.
