

Product Code . DS-EE-11460

DC Power Supply

Description

Description :-

- Compact Design
- All Metal Construction
- Dual LED Three Digital Tube Display
- Current mA / A Conversion Display
- High Stabilized Output Voltage
- over voltage protection (OVP)
- open circuit protection (OCP)
- over temperature protection (OTP)

Technical Features:

- Overload protection with constant current
- High efficiency with adjustable output voltage

-
- Output Voltage: 0~30V
 - Output Current: 0~3A
 - Ripple noise: CV ? 200mVp-p
 - Power source: 220~230V AC, 50Hz, 1 Phase
 - Provided with printed operation manual
-
