

Product Code . DS-LE-11772

Instant Pot

Description

Catalogue No. : "IDAC121/0189"

DESCRIPTION :-

Pressure Regulator, ensures working pressure below the safety limit

Anti-Blockage Vent, prevents food debris from blocking the vent

Safety Lid Lock, prevents accidental opening of the cooker while it is pressurized

Designed with a sensor for lid position detection, monitors whether the lid is in an unsafe position for pressure cooking

Automatic temperature control, regulates temperature based on the type of program being selected

High Temperature monitoring, avoids burning food

Automatic Pressure Controller, keeps pressure always in the safe range

Electrical current and temperature fuse cuts off power if the current or internal temperature exceeds safety limits

Excess Pressure Protection, releases excess pressure into internal chamber in a dangerous situation

Smart detection of leaky lid
